

Where the 1220 may be called a real family ship, the 1280 with its 35 cm more width and 60 cm more length is even more comfortable. This spitsgatkotter turns out to be a real head turner with its elegant lines. Plate thickness of the hull is 5 mm and of the construction 4 mm. The hull is divided into watertight compartments by means of partitions and a steel floor above the engine room. The entire ship is completely finished: insulation, paneling. Technical design, upholstery, kitchen, electrical installation, etc. Blasted outside and equipped with a 2-component paint system. And the layout? You decide for yourself!

## Specification

Category	Motor yachts
Price range	Array
Designer	Jachtbouw De Alm, Werkendam, The Netherlands
Material	Steel
Length over all	13m
Hull length	13m
Hull beam	4,35m
Draft	1,25m
Weight	24.000kg
Displacement	21ton
Fresh water tank	700l
Waste water tank	400l
Fuel tank capacity	1.200l
Max engine power	204hp
CE-certification	B
Berths	4
Maximum speed	8kt
Cruising speed	7kt
Motor range	1.200miles
Material	Steel
Length	12-15
