

STEELER NG57 S Offshore

The NG 57 S Offshore is the aluminium planing version of the steel NG 57 S. The client's main wishes are more living space whilst retaining access to the current navigating area. It has been decided to include 2 master bedrooms, each with its own shower and toilet.

The living space is divided over 3 sections. A spacious open cockpit on the same level as the wheelhouse. The wheelhouse has 2 seating groups, the 'living room', offering seating for 7 people and an L-shaped dining area. This corner couch is also ideal for guests. In the forward part of the vessel, which is connected directly with the wheelhouse, there is a spacious galley with a large U-couch facing it.
