

The Sturiër Trawler 620 OC is a further development of the well-known 520 OC. The ship has the same timeless classic lines that betray the long shipbuilding tradition of Volharding Stavoren Shipyard.

The sophisticated seaworthy hull makes a sea crossing comfortable and easy. The beneficent luxurious interior with modern accessories and a perfect finish make you feel at home in the 620 OC. The yacht is particularly suitable for longer trips and a long stay on board.
