

Enksail Halcyon 50

The Enksail guarantees excellent sailing performance combined with a minimum of work for the crew. With the right tools you can easily sail the yacht alone or together. The most important lines are led from the mast to the cockpit in order to be able to sail as comfortably as possible. Moreover, there is a sufficient visibility inside the pilothouse which enable you to keep watch from inside while at sea: dry, comfortable and safe!

Our Enksails are semi-custom. This means that you can leave your mark in terms of styling and layout. The interior can be tailored to your wishes, adjusted to the number of people aboard and where you'll be sailing. As long as it fits inside the yacht, the possibilities are limitless. If you have an Enksail built with us, you are assured of a yacht of very good quality that will meet your personal wishes.

Specification

Material	Aluminium
Length	12-15

Gebr. van Enkhuizen

Stranwei 11
8754 HA Makkum
The Netherlands
