

The Venegy 37: an unparalleled yacht for the future, in design, comfort, performance and sustainability.

The Venegy 37: an unparalleled yacht for the future, in design, comfort, performance and sustainability. All the wishes of the modern water sports enthusiast are taken into consideration in this new design.

The Venegy 37 distinguishes itself by its unique wheelhouse, which has a panoramic view (360 degrees) and special safety glass, which ensures maximum vision and security. The panorama roof gives the wheelhouse a maximum amount of light and makes the inside and outside become one.

The hull of the Venegy 37 has a revolutionary build with its beautiful lines and strong design. The underwater body, designed with the patented Petestep technology, ensures higher speed and 12% lower fuel consumption.

## Specification

Material	Aluminium
Length	10-12

### Venegy Yachts

It Butlan 13  
8621 DV Heeg  
The Netherlands
