

Iconic lines. Masterful layout. Elegant design. For connoisseurs of life who know what it takes to create the very best. The Zeelander 6 is the embodiment of the perfect weekend getaway, where every soft, evocative curve welcomes a sense of ease.

The desire to push the boundaries of luxury lies at the heart of Zeelander philosophy. Every yacht is recognisable by its timeless design, curved aesthetic and silent cruising experience. Each has the essence of a superyacht with the character of a sports cruiser, courtesy of comfort-focused engineering. Three models, one soul.
