

Boarncruiser 1200 Elegance

The Boarncruiser 1200 provides a tremendous living feeling at (almost) one level.

The steep bow gives the Boarncruiser Elegance more inner space and an extra large waterline which results in better navigation capacities and a maximum of performance. Because of the large windows, high above the waterline, the view is almost 360 degrees.

Specification

Material	Aluminium
Length	12-15
