

The Elegance 1440 (14.40 x 4.60m) is the biggest Center Sleeper in the world under 15 meters. The Center Sleeper is located in the heart of the yacht at the lower deck level. The great advantage of a Center Sleeper is that this cabin is located at the widest point of the boat. So you use the maximum possible space on board for your masterroom.

This means: spacious French bed, large wardrobes and/or linen cupboards, lounge area at portside and starboard side, very large bathroom with shower and two washbasins at portside and separate toilet room at starboard side. This space is completely separated from the rest of the yacht which guarantees optimal privacy. The guest cabin is in the front, with a French bed, a private shower/toilet area and plenty storage facilities. The 3rd cabin can be used as office, but is also provided with a single bed.

Specification

Material	Steel
Length	12-15
