

# Delfino

## 87

Big and elegant

At over 26m in length, the DELFINO 87 is an example of classic beauty. It is not only slightly longer than the Delfino 65, but it is also more progressively styled. Either four or five cabins, separate crew accommodation and four fully equipped bathrooms are placed at the disposal of the owner, guests and crew. Of course, the future owner's every need can be met with regard to the design of the accommodation. We would be more than happy to provide you with a detailed description of our standard model upon request. This two-deck yacht is being developed for a client and has reached the stage of definitive interior design drawings. A super deluxe yacht, built for Atlantic dreams, but it can nevertheless be sailed by just 2 people. With this yacht you have Europe at your feet. A DVD with drawings is waiting for you.
