Intercruiser 28 Cabrio

The Intercruiser 28 Cabrio is both excellent in space and comfort. The Intercruiser 27 Cabrio is an original "thoroughbred" boat for optimal water sport fun. This model is built as a strong brother on the hull of the slightly more subdued sister with a closed cabin. It can be supplied with portholes as well as with a long window. Completely built by hand at our own Dutch yard with a 10-year hull warranty.

The Intercruiser 28 Cabrio, the latest in-house design offers a superb cabin for two with complete facilities, including comprehensively equipped galley with fridge, two burner hob and sink. It has a flush toilet and sink, two wardrobes for storage, with the option to have either a dinette conversion to double berth or an island double berth layout. Beautiful inside and outside with a high level of finish touch. The 1 cabrio enjoys a large cabin for extended cruising and generous seating in the cockpit for social days out.

The cockpit is accessed via a wide centrally located door and hatch, giving a feeling of light within the cabin. The cockpit features the traditional aft helm familiar with the Dutch sloop layout and seating for up to 28 people in comfort on a large U-shape seating area surrounding the helm. The boat has flat sides and fore decks, low level side rails and a fantastic full width bathing platform and transom steps which are all part of the integral hull mould, giving superb accessibility both to the water and ashore.
