

# STEELER NG65 S Offshore FLYFISH

For the NG65 S-line with the workname 'Flyfish' the wishlist is demanding indeed. A welcome challenge for our development team and we are on course to transform the NG65 into a stylish semi-raised pilothouse with flybridge. The cockpit and stern will be laid out to enable blue water fishing with all equipment installed to go after the big ones.

The Flyfish will be built in aluminium, allowing for efficient planing with all the benefits of the patented S-line design.

**Curious about the options?**
