

Gebroeders van Enkhuizen is exclusive builder of Enksail Yachts. Enksail sailing yachts are characterized by spacious pilothouses: beautiful to look at, but also offers comfort and safety. During bad weather conditions, everyone can sit inside in a dry, warm and safe way. There is a 360 degrees visibility in the pilothouse, which is fine both while sailing and in the marina. This makes an Enksail ideally suited for long trips and long stays on board. The Enksail line has three models (Noordkaper, Halcyon and Orion)

The Enksail Orion is an aluminium go-anywhere cruiser/explorer sailing yacht design by the famous Dutch designer Kees van de Stadt of Satellite Yacht Design. The Orion range consists of a 49 and 54-footer.
