

Boarncruiser 37 Lounge

Design and power come together in this sport edition of the Boarncruiser LOUNGE.

With its ideal dimensions (11.06 x 3.60), this Boarncruiser Lounge is very suitable for waters where you can make speed. Think of the Mediterranean Sea, the Swiss lakes, the Berlin area or in the Netherlands on the large lakes and / or Wadden Sea. The ship is built entirely in aluminum and has a top speed of approximately 24 knots.

The bigger brother of the 37 Lounge, the 42 Lounge can also be built as a sports edition. The lounge is a semi custom built ship and can be put together according to your own wishes.
