Atlantic Pilothouse

Atlantic sailing yachts are semi custom build sailing yachts made from aluminium. They are unique in its kind and notable for robust, flowing lines, electric-hydraulic lift-keel, round bilge and twin balance rudders – ensuring excellent sailing performance with a moderate draught. High average speed plus comfortable interior make this an ideal long-haul yacht. Finishing and detailing are of a very high standard.

Available models: Atlantic 36, Atlantic 38, Atlantic 40, Atlantic 42, Atlantic 43, Atlantic 46, Atlantic 48, Atlantic 51 and bigger on request.

Specification

Material	Aluminium
Length	12-15
