

The G2 is Jachtwerf Heeg's topflight model. A slender, classically lined keel boat with nods to famous sailing yachts like the Regenboog, Pampus and Draak.

A boat of maximum comfort and maximum performance. Featuring just the right trim and weight distribution and a 1m-draft only, this boat is well suited for a large sailing area. Moreover, the G2 comes with various novelties including a revolutionary keel and a patented fold-away system to instantly store the outboard engine flat in a space behind the cockpit. No wonder the G2 was the 2004 Sailboat of the Year at the HISWA Amsterdam Boat Show! Like the Randmeer, the G2 is a design of the renowned Van de Stadt Design studio.

Specification

Category	Sailing yachts
Designer	Van de Stadt Design
Material	Polyester
Length over all	7,8m
Hull length	5,5m
Hull beam	2m
Draft	1,05m
